

Mater Misericordiae University Hospital

Medical Scientist Haematology (1 Full Time Permanent Post)

The Mater Misericordiae University Hospital is a 600 bed multidisciplinary academic teaching hospital located in central Dublin. It is the national tertiary referral centre for the management of spinal injuries and cardiothoracic surgery, including heart and lung transplantation. It is a designated cancer centre and has regional gastrointestinal, hepatobiliary, neurology and dermatology services. The hospital has recently opened a new adult hospital, the Whitty Building, which includes a state of the art 36 bed Intensive Care/High Dependency Unit.

The Mater is part of the Ireland East Hospital Group.

The Haematology Department is a busy dynamic laboratory providing a general and specialised Haematology service. A comprehensive coagulation service is also provided. We are looking to recruit a highly motivated suitable applicant with experience in Haematology to take an active role in the delivery of the diagnostic Haematology service. Professional development is strongly encouraged. The laboratory is accredited to ISO 15189:2012 by the Irish National Accreditation Board.

Candidates must be able to provide evidence that they satisfy the requirements of the Department of Health and Children and those of the Academy of Clinical Science and Laboratory Medicine as laid out for their role as Medical Scientist regarding qualifications, experience and Membership or eligibility for Membership of the Academy of Clinical Science and Laboratory Medicine.
