**Basic Grade Medical Scientist position - Histopathology Laboratory.**

Blackrock Clinic is currently recruiting an enthusiastic Basic Grade Medical Scientist to join our Histopathology team. Our INAB accredited Histopathology Laboratory offers a diverse repertoire of experience across routine histopathology, cytopathology, special staining, immunohistochemistry and digital pathology with Ireland’s only FDA approved whole slide imaging system. Full training and participation in the On-Call rota and additional Sunday morning sessions within the Blood Science Laboratories are also an option.

The laboratory is extremely supportive of continual professional development (both academically and financially) including MSc courses and the Advanced Practice Course in Histopathological Dissection. **Please note that applicants must be a member or eligible for membership with the Academy of Clinical Science and Laboratory Medicine.**

Informal enquiries to: Wayne O’Brien, Chief Medical Scientist, Histopathology. Telephone: (01) 2064294 or email obrienw@blackrock-clinic.com
